OUR SERVICES

SALES OF DIAMOND & JEWELERIES

Selling diamonds is the same as selling image, individuality, and luxury. At traditional jewelers' shops, many customers want their engagement rings to be unique, custom-made, the one-and-only. Future brides would not want their rings to be generic.

Plathoralucro has made this possible by building close relationships with their customers who probably know them through word of mouth or family networks. Bride and groom could spend hours and hours to make sure the design is fabulous.

Our company deals on sales of diamond and delivery to our customer's satisfaction.

CRYPTO CURRENCIES INVESTMENT.

It's possible to get filthy rich by investing in cryptocurrency this year. But you could also lose all of your money. How can both be true? Investing in crypto assets is risky but also potentially extremely profitable. This is why our company Plathoralucr is here to help you with the best investment plans and couch you on the best investment to embark on. Cryptocurrency is a good investment if you want to gain direct exposure to the demand for digital currency, while a safer but potentially less lucrative alternative is to buy the stocks of companies with exposure to cryptocurrency.
